

StoryCast

Research & Planning Document

Names: Attorney Valois Niyigaba

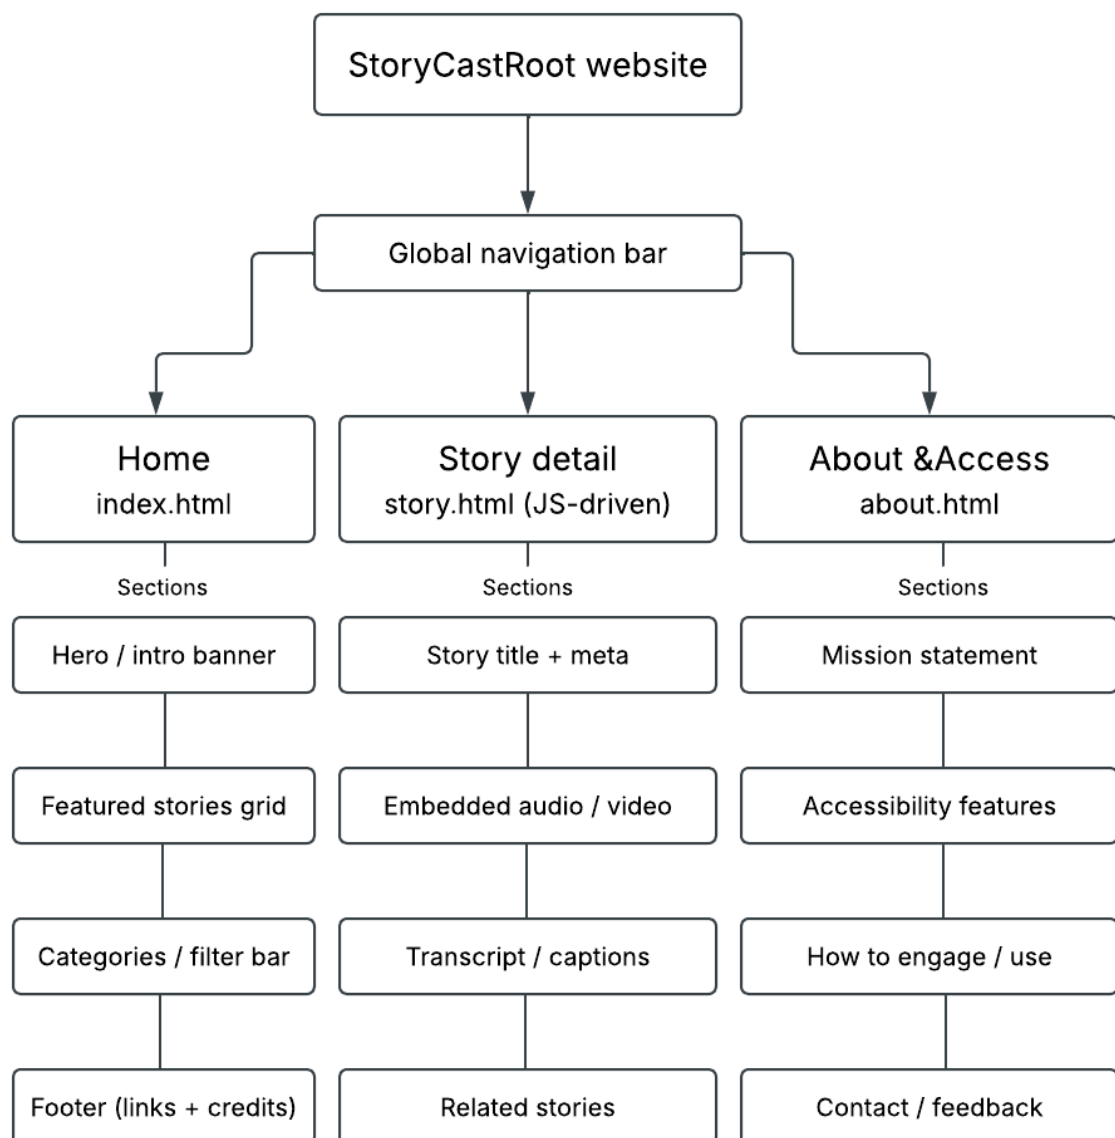

Course: Advanced_Front_end_Web_Development

Date: June 2026

This document presents the sitemap, and the High-fidelity mockups (Link) for StoryCast an accessible audio and video storytelling microsite built with semantic HTML5, Sass, and JavaScript

1. Sitemap (Diagram)

The sitemap below shows the full structure of the StoryCast microsite. The diagram was drawn in Lucidchart and is included as a separate an Image attachment

2. High-fidelity mockups (Link)

High-fidelity mockups for all four pages were created using Figma. The designs use a warm light background (#FAF8F8), deep forest green (#1A3C2E) headings, and gold (#C9A84C) accents.
